# iLockerz

## SMART STORAGE:
## PAY-TO-USE STUDENT LOCKERS

*iLockerz intelligent electronic locker systems enables educational institutions to provide state-of-the-art lockers to students without significant upfront investment, transforming student experiences while generating additional revenue.*

iLockerz offers schools, colleges and universities an innovative approach to locker management, with state-of-the-art locker solutions proven to transform the student experience.

The new pay-to-use smart lockers by *iL*ockerz deliver financial benefits, efficient resource allocation, enhanced security, convenience, as well as promoting a culture of responsibility among students.

With fully intelligent systems from the iLockerzECO and DigiLockerz ranges now available on a revenue share basis, educational institutions can implement innovative lockers without significant financial outlay. In addition, these cost-effective solutions allow schools to generate revenue to support other educational initiatives, with full audit trails providing greater transparency for management.

## Secure pay-to-use lockers for storing and charging:

- Smartphones
- iPads and electronic tablets
- Personal laptops
- Educational devices        ...and more

*iLockerz seamlessly integrates with third party cashless payment systems, including ParentPay, streamlining user experiences for students, parents and system managers.*
